Tired of not knowing what your propane is going to cost?

Redigas, Inc. has the solution for you!!!

Recently, Redigas, Inc. sent you exciting information on our new Stable Propane Pricing Plan. Now, we would like to share with you your Personalized Pricing Plan and review your options! Enclosed with this letter are three agreements. Please take a moment and review your choices. Once you have made a decision please sign and date the bottom, enclose a check for the requested amount and mail it in to us! Once we receive the agreement and first payment we will adjust your account and you will be set up for the rest of the year! It is as simple as that!

What is the Stable Pricing Plan?

- ✓ The Stable Pricing Plan from Redigas, Inc means you will have a fixed rate per gallon all year long. You will have the same payment every month, similar to your mortgage, car payment and other monthly expenses.

What does this mean for you?

- ✓ No more surprises in the winter on your propane bills. You will already know what your rate is for the upcoming season as well as your monthly payment. There is no other propane company in the area that will do this for their customers. This season we are striving to go above and beyond for you!

Do you qualify?

- ✓ If you use propane for your home heating you are able to take advantage of this great program! Unfortunately we are not able to extend this program for our customers who use propane for only pool heating or shop heat. However, you are eligible for our Prebuy program!

Please note: We MUST have a signed form and first payment received in the office no later than May 31, 2010 if you would like to participate in any of the enclosed options. If you choose not to sign up for these programs, your account will remain susceptible to market value fluctuation of propane cost throughout the year.
